

# Join the revolution in wood windows.

**WOOD. AT THE HEART  
OF A GOOD WINDOW**

For the first time ever, the industry has come together to market wood windows in the UK.

We've launched a full marketing programme, with products backed by service life guarantees and independently audited performance standards.

And we're committed to driving standards higher still, to make wood once again the number one choice for windows.

If you're a manufacturer, importer, installer, maintainer or supplier to the industry, you can join our revolution and reap the benefits of effective marketing. Just like our 40 founder members.
